EDUCATION

BOWEN UNIVERSITY

Osun State, Nigeria

Programme: Bachelor of Science, Computer Science (4.11/5.00)

2020-2024

Thesis : Development of a Nigerian Sign Language Recognition System

Honors & Awards: Student Icon 360 (Awarded to outstanding students excelling in academics, leadership, and Community Impact)

PROFESSIONAL EXPERIENCE

BRDGE

London, United Kingdom (Remote)

AI Development Analyst

February 2025 – Present

- Led the end-to-end development of a multilingual AI chatbot for a Saudi-based client, integrating an open-source model with Legal GPT to handle English and Arabic legal queries.
- Delivered custom AI implementations for global clients across Europe (Ireland, UK), Asia (China, Malaysia), and Africa (Nigeria).
- Collaborated directly with clients and stakeholders to align AI deployments with business goals, emphasizing compliance, governance, and real-time decision intelligence.

BRDGE

London, United Kingdom (Remote)

AI Researcher and Engineer

June 2024 – February 2025

- Designed and developed the entire backend architecture and API endpoints for **Apprentago**, a large-scale apprenticeship platform with 10,000+ active users and job listings, combined, ensuring scalability, efficiency, and a successful live deployment.
- Developed LLM-powered AI assistants using Retrieval-Augmented Generation (RAG) pipelines and fine-tuned models, deploying APIs and containerizing them with Docker for scalable deployment.
- Deployed services using AWS and GCP, implemented CI/CD pipelines via GitHub Actions, and maintained security and NDA compliance while delivering confidential client projects.

SYNERGY SOLUTIONS IMC LIMITED

Remote

Data Scientist

September 2023 – October 2023

- Lead all technical initiatives at a growing marketing agency, introducing AI-powered tools to support campaign creation, automate routine tasks, and boost client engagement.
- Developed custom internal systems for AI-generated captions, ad copy, and campaign briefs, helping non-technical staff create compelling content faster.
- Worked closely with non-technical staff to make AI accessible and practical, reducing content turnaround time and scaling marketing output without increasing headcount.

KPMG

Remote

Data Analyst Intern

September 2020 – October 2020

- I completed the Data Quality Assessment, Data Insights and Presentation task as part of the KPMG virtual internship

LEADERSHIP

BOWEN TECH WEEK

Bowen University, Iwo

Co-Founder & Head, Sponsorships and Partnerships

February 2024 – May 2024

- Co-led the university's largest tech event launch, securing major sponsorships (MTN, Nexascale, Cardify Africa) and exceeding fundraising goals.
- Coordinated with 5+ universities and industry stakeholders to deliver a multi-track conference featuring keynote speakers, exhibitions, and competitions.

NIGERIA ASSOCIATION OF COMPUTING STUDENTS, BOWEN UNIVERSITY CHAPTER

Bowen University, Iwo

President

June 2023 – Jun 2024

- Led a student tech body of 800+ members, overseeing events, professional development programs, and student advocacy efforts across academics, career growth, and wellbeing.
- Spearheaded the chapter's recognition as Bowen University's Best Student Association of the Year through strategic planning and team collaboration.

SKILLS

Technical Skills

- **Languages & Frameworks:** Python, Django, Django REST Framework, Flask
- **Databases:** PostgreSQL, MySQL, MongoDB
- **AI/ML:** Machine Learning, Model Development, Natural Language Processing (NLP), LLMs (GPT-4, Claude, Llama), Prompt Engineering, Generative AI, Retrieval-Augmented Generation (RAG), Whisper, LangChain, AI Research
- **DevOps & Tools:** Docker, Git, CI/CD, Cloud (AWS, GCP)

Soft Skills

- Problem Solving, Effective Communication, Attention to Detail

Language: English (Native)
